ACCEPTANCE OF POST-FIELD INVESTIGATION TECHNICAL MEMORANDUM FOR FORMER UNDERGROUND STORAGE TANKS, DATED FEBRUARY 2006, CONSTRUCTION BATTALION CENTER, PORT HUENEME, CALIFORNIA

Dear Mr. Gonzales:

The Department of Toxic Substances Control (DTSC) has reviewed and accepted the subject document. The report provides a chronicle of sampling and analysis conducted in 1999 at 10 former underground storage tanks. The results of this report will be incorporated into and considered when the Navy prepares the Remedial Investigation (RI) report for these sites, at which time DTSC and other agencies will conduct a detailed review.

DTSC looks forward to working with the Navy on the remediations at Port Hueneme. If you have any questions, please call me at (714) 484-5431.

Sincerely,

Peter Chen
Hazardous Substances Engineer
Office of Military Facilities
Southern California Operations Branch
